Mr. Martin Dee
Member of the British House of Commons

We would like to express our thanks and appreciation for your courageous humanitarian stance that was embodied in your presentation in one of the public sessions of the British House of Commons in recent days and your criticism of Britain's funding for a secret program to train Saudi forces from British taxpayer money at a time when Riyadh is committing widespread human rights violations in Yemen. Your position represents a serious step towards peace and alleviating the suffering of the Yemeni people, who lose great human and material losses every day, since Saudi Arabia and the UAE, which have led the coalition of aggression on Yemen for six years, are violating all international and humanitarian laws and norms.

We all hope for more steps and efforts to advocate for the oppressed Yemeni people in order to achieve an end to the war, lift the blockade, and bring about comprehensive peace in Yemen.

Best regards

Yahya Ali Al-Ra'i
Speaker of the Yemeni
House of Representatives
